

# Mark Your Calendars!

The Centre County Solid Waste Authority is coming to a recycling drop-off bin near you. The CCSWA will be sponsoring a “Roving Recycling Review” this summer, and will be going town to town to thank our residents for recycling!

A staff member from the Authority will be setting up a display at 30 recycling drop-off bins throughout Centre County. The staffer will bring along recycling information as well as a bunch of great recycled-content give-a-ways. In addition, Results Radio is raffling off a prize pack to one lucky person who stops by that day and registers for the drawing. So come by with your recyclables, chat with the staff and take away a great recycled-content item!

This is just one way of thanking residents for their continued support of Centre County’s Recycling Program.

We are heading to the following locations this summer:

|  |   |
